

## Infrastructure Upgrades

Hi 5 upgraded basketball infrastructure at all BMC schools with new fiberglass board and new markings recently. With very limited infrastructure, the Hi 5 children learnt to play as a team with great enthusiasm and joy. There is lots of excitement now and it encourages every child to play better with new upgrades.

## Hi 5 Medal Distribution Ceremony 2016-17

For the first time, Hi 5 gave away medals to all basketball players in both beginner and intermediate levels. Parents were invited to see their children beaming with joy on this special day. As this academic year comes to an end – beginner level children showcased the drill and intermediate children played an exhibition game for parents and senior staff in school. Hi 5 children are definitely motivated to advance to the next level. The joy and happiness for this game is obvious in children.
