

Yatra Program week at American School of Bombay.

Hi5 Deonar children were had invited to ASB as a part of their Yatra Week. The kids played a lot of games and interacted with the ASB students. They showcased their skills and played a series of matches of basketball with the ASB students as well. It was an amazing experience for the Deonar kids as such kind of exposure is rare for them. Hi5 kids proved that they have the skill and agility and impressed not only the ASB kids but also their mentors.

VIBGYOR and Poisar Tournaments

13 Hi5 teams participated in both Poisar and Vibgyor tournaments. Most of teams played their best basketball and progressed to many rounds. Dixit Road boys got Hi5 Youth Foundation proud as they won the 2nd place in Poinsur Tournament and Motilal Nagar boys won the 3rd place in VIBGYOR tournament . It was a really delightful moment for the kids and a giant leap for Hi5 Youth Foundation. When Hi5 children are able to defeat a private school, there is a sense of belonging in the soceity. They feel “I CAN” which helps them overcome their low self esteem and helps them belong to the community as a proud individual.

Testing in all schools

Testing took place in the all the schools in this month and the children were rated and given points according to their skill set in basketball. The results are then complied and each children are graded according to what they have learnt in the past months. This helps in overall development of the child and gives a brief idea of children’s skillset at the moment. All scores are analyzed school wise. This helps Hi5 put more emphasis on coaches training and also helps in building a stong foundation in children..
